DECLARATION OF CHRISTOPHER D. BUNTINE

Assistant Commissioner for Patents  
Washington, D.C. 20231

Post Office Box 7068  
Pasadena, CA 91109-7068

Commissioner:

I, Christopher D. Buntine, hereby declare as follows.

1. I, along with Michael J. Gage, am a joint inventor of the above identified invention ("the invention").
2. At the time I worked together with Mr. Michael J. Gage to invent the invention, we were both employees of CALSTART. At the time of invention, I was (and still am) a senior project engineer with CALSTART. At the time of invention, Mr. Gage was the President of CALSTART.
3. A provisional application on the invention was first filed on or about December 28, 2000. At that time, CALSTART had the law firm of O'Melveny & Myers, LLP prepare and file the provisional application on our behalf. CALSTART changed intellectual property law firms, and used the law firm Christie, Parker & Hale, LLP to prepare and file the non-provisional patent application, which was filed on December 28, 2001.
4. Prior to the preparation and the filing of the instant non-provisional patent application, Mr. Gage left employment with CALSTART and is now the Regional Director for The Trust for Public Land, which has offices in Santa Fe, New Mexico.

**Application No. 10/036,180**

5. Due to the short time available to execute the formal documents, the non-provisional patent application was filed without a declaration and power of attorney and without an assignment document.

6. A complete copy of the non-provisional patent application was forwarded to me on or about January 2, 2002.

7. Thereafter, I received a letter from Mr. Daniel R. Kimbell, of Christie, Parker & Hale, LLP, wherein he forwarded me a copy of a Notice of Missing Parts of Nonprovisional Application, a Declaration and Power of Attorney, and an Assignment document. Mr. Kimbell asked me to execute these documents, and to forward these documents and a copy of the patent application and have Mr. Gage also execute these documents and return same to him for filing with the Patent Office in advance of April 4, 2002.

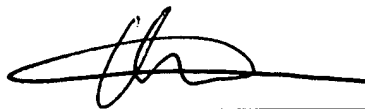

8. On or about April 8, 2002, under cover letter dated the same date (Exhibit 1), I sent Mr. Gage, by UPS Next Day Service, a complete copy of the patent application including the specification, the drawings, a declaration and power of Attorney, and an assignment document to his last known address, at 990 Avenida De Amistad, Santa Fe, New Mexico 87505. A receipt and tracking report showing delivery of this letter and its enclosures on March 21, 2002 is attached as Exhibit 2.

9. Thereafter, the present president of Calstart followed up with Mr. Gage, and, as set forth in the declaration of Mr. John Boesel, Mr. Gage has continued to refuse to execute the declaration and power of attorney and the assignment document.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
